You can also call the hotel directly to book a room that is not showing as available, or any room after January 1st. Be sure to mention that you are part of the Family Fun 2019 Group. This will ensure that you receive the negotiated group rate. During our stay Hampton Inn has graciously allowed us unlimited, private access to their largest meeting room - which seats up to 30. Please note, that while we, as a group, have unlimited access, group members will have the option to book the room for independent use (e.g. children friendly movies, football games, etc). I will also be using that room as a central hub for Saturday's catered dinner.
